Alchemy Gold - Single Build Packages

Description: The Alchemy Base Product includes a single copy of Alchemy licensed for a single workstation that gives a single user the ability to build multiple Alchemy repositories. Purchase one base product then add the number of concurrent searchers. Order the number of Search Clients needed up to a limit of 25 total. The search Client may be distributed on CD according to the terms and conditions contained in this document and in the Alchemy Gold Supplemental User License Agreement. Distribution of Alchemy Software or Alchemy Search licenses, data or related services to customers requires an Alchemy Pro license.

Annual Maintenance Program (AMP)

IMR believes providing comprehensive technical support for our software products is our duty and your right. Our Annual Maintenance Program (AMP) helps to ensure long term support and uninterrupted operation of your Alchemy solution. Annual maintenance benefits begin immediately upon the purchase of the software and enrollment in the program. IMR's AMP has two components.

Description: 1) An annual, renewable program that entitles the user to technical support on normal U.S. business days (Monday through Friday, excluding national holidays) from 6 AM to 6 PM U.S. Mountain Time via phone +1 303.689.0022, FAX +1 303.689.0055, or e-mail support@imrgold.com for all maintenance releases and all new releases/upgrades of their particular product(s) for a 12-month period. Customers on current AMP and Premier Resellers in good standing gain access to IMR's Customer and Partner Knowledge Base, a password-protected online resource kbaccess@imrgold.com. 2) AMP also entitles the user to all upgrades and new releases for all covered products. AMP is sold per product and is 18% of the current list price of all products purchased. Technical Support is for the current release of a product and the previous two releases.
